BIOL 2652 HUMAN ANATOMY & PHYSIOLOGY II FALL 2020

Lecture: 8:00 -- 9:15 AM T-R, BSC 1011

Note that, because of social distancing requirements, only ~45 people are allowed in the classroom at one time. Consequently, class will be "flipped" with all material from each chapter of the text available within Blazeview as narrated Kaltura Capture videos. We will still meet for class each Tuesday and Thursday to go over any questions you may have about the material in the videos (see schedule below for topics to be covered each day and which sections meet each day).

Lab:

Section A: 10:00 – 11:50 AM, Thursdays, BSC 1203 **Section B:** 2:00 – 3:50 PM, Thursdays, BSC 1203 **Section C:** 9:00 – 10:50 AM, Fridays, BSC 1203 **Section D:** 11:00 AM – 12:50 PM, Fridays, BSC 1203

VSU Face Mask Policy: Current policy as of July 31, 2020, is that you must wear a face mask while inside buildings on campus. This includes attendance for lecture and lab. If you do not wear a mask, (a) a disposable one-use mask will be provided to you, or (b) you will be asked to leave the lecture or lab room. If you refuse to wear a mask and will not leave the room, the entire class will be dismissed immediately. You will still the responsible discretified (O)4 (ffic)6 (e)]TJ / this site have been copied to Blazview. In addition to these items, you also will need to log into Blazeview to access the narrated videos for each chapter (select Media Gallery from the Kaltura menu at the top right of the page).

TEXT: Principles of Anatomy and Physiology, 15th edition, by G. J. Tortora & B. Derrickson, John Wiley & Sons, 2019 (optional).

LAB MANUAL: There is no hard copy of the lab manual that is required. All the information concerning the lab exercises is available online (see http://blog.valdosta.edu/AP2

_). However, be
aware that you need to have access to the protocols for	or each lab while in lab, whether it be a
printed hard copy or electronically via laptop, tablet, work, it can be difficult to read the text or view imag	· · ·

eed to bring this to lab each week. You may gloves for use during the lab dissections.

a result of the institution of lab fees for this ue to social distancing requirements, you will

omical information discussed in BIOL 2651 stems

le first four exams will each cover 1/4 of the rily multiple choice, and each will be worth 00 point final exam. Note that, unlike the first ou take the final I will drop the lowest of your hus, you wind up with 500 potential points, if you have a bad day and bomb an exam, re can be dropped.

I face-to-face, with two sections taking the hursday. Because of this, the exams will be y group. See the schedule below for the dates im on a particular day.

I make up for a previous exam, there will be u miss one, for whatever reason, that will take the final. This policy has a couple of e than one exam, and (2) there is some ssibly avoiding the final.

An additional 150 points of your grade will 26.25[(a)4 (t)-2 -2617-6 (y)20 (p)-10 (or)3 (t)-2 (i)-2 ((of)

must be taken care of in the week after the grades are posted. The statute of limitations on appeals runs out at that time.

Final grades will be based on cumulative points and will be distributed according to the following percentages (the total number of points represented by these percentages is shown in parentheses):

90-100 (526-585) A 80-89 (468-525) B 70-79 (409-467) C 60-69 (351-408) D

If everyone in the class scores above 90%, then everyone will get an A. If no one scores above 90%, then I **may** adjust the curve downward appropriately.

ATTENDANCE: I do not take roll daily and it is your responsibility to decide whether or not to come to class and lab. However, be aware that you are ineligible to turn in a lab assignment or take a lecture quiz if you did not attend lab or lecture on the appropriate day.

Important Note: For those of you who do attend class, you <u>must</u> turn off all electronic devices
